

NEROLAC

PERMA

DAMP PROTECT INTERIOR

Nerolac Perma Damp Protect Interior is an acrylic copolymer based, anti-damp and economic undercoat for interior surfaces. It prevents surface dampness from manifesting itself on the top coat and enhances the life of top coat.

PRODUCT BENEFITS

-  Provides 10X better waterproofing than ordinary primer
-  Better hiding and whiteness than ordinary primer
-  Increases the coverage of the top coat
-  Prevents surface dampness
-  Enhances the life of the top coat

APPLICATION AREAS

- Interiors of house

MIXING

- Dilute Nerolac Perma Damp Protect Interior 50% by volume with water and apply it in two coats

COVERAGE

- 200 sft/Ltr/coat

DIRECTIONS FOR USE

- Ensure that the surface is properly cleaned and free from any loosely held plaster/powder.
- Make sure that the moisture content in the surface is not more than 40%.
- **Surface preparation:** Clean the surface to ensure that it is free of any dirt and loose particles. Sand the surface with sand paper 180 and wipe it clean.
- Apply a single coat of Nerolac Perma Damp Protect Interior with a maximum of 50% dilution by volume with water, with a forced coverage of not more than 200 sft/L. Allow it to dry for 3-4 hours.
- For a smooth finish of the top coat, apply two thin coats of Nerolac Wall Putty. Allow it to dry for 4-6 hours. Sand with sand paper 180. Wipe it clean.
- Apply a second coat of Nerolac Perma Damp Protect Interior with a maximum of 50% dilution by volume with water, with a forced coverage of not more than 200 sft/L. Allow it to dry for 3-4 hours.
- Apply any waterbased interior painting system over 2nd coat of Nerolac Perma Damp Protect Interior with or without primer.

PRECAUTIONS

- Do not apply when the ambient temperature is less than 10°C or if the temperature might drop to this level within 4 hours of application.
- Do not apply when the humidity is greater than 90%. It may cause prolonged drying-time of the paint and moisture condensation on the walls.
- Do not over dilute.

SHELF LIFE

Best before 24 months from the date of manufacture when kept in a sealed pack and stored under proper conditions.

STORAGE

Keep it in a cool and dry place, out of reach of children.

EHS INFORMATION

Avoid inhalation, eye and skin contact. In case of contact wash with water and seek medical attention.

Lead content does not exceeds 90 parts per million.

Low VOC and no added lead when packed. For VOC content details, refer to the PDS/www.nerolac.com.
